

**Michigan Rifle & Pistol Association - Highpower Division
2007 Michigan Service Rifle Championship**

Thirty-two competitors braved the heat on July 7 at the Michigan Service Rifle Championship. Match winners from the left are: Nick Till in first place and the 2007 Michigan Service Rifle State Champion; followed by second place John Cerny and third place John Luitink. More pictures and match results follow on the next few pages.

**Michigan Rifle & Pistol Association - Highpower Division
2007 Michigan Service Rifle Championship**

Matt Malinowski holds his target from the 200 yard rapid fire sitting stage. Matt fired a perfect score with 10 Xs, commonly referred to as a “10X Clean.” This is a very rare occurrence at MRPA State Championships.

When a competitor is in contention for a National Record, there is a provision in the NRA rules that allows a competitor to continue firing until he can break the record. Matt fired another 10 shots and while he fired a 6X Clean, it was not enough defeat the current National Record in the Civilian Category.

The standing National Record for the Civilian category is a 200-18X. Regardless of the above a 200-16X is a pretty good score ! Congratulations Matt !

This match concludes the MRPA Highpower schedule of events for 2007. Good luck to everyone attending the 2007 National Matches !

Scores from the championship follow on the next page.
